

The Point Venture Lions have teams up with the Point Venture POA maintenance crew to clean out the dead limbs and ball moss from our community oak trees. Invitation is open to anyone that wants to give their time on Wednesday mornings 7:00am, meeting at the parking lot in front of the Point Venture Club House. The Lions help by raking up the debris and chipping the tree limbs for mulch. For more information regarding this project, please contact Bob Adolph (512)267-7576.
